Member to Member Benefits …

The following Chamber members offer discounts and benefits to their fellow Members.

Support our communities and these businesses that have extended an additional acknowledgment of their fellow Chamber Member's community commitment.

To ensure you receive Member to Member (M2M) pricing, please identify yourself as a Chamber Member when asking for quotes, placing an order or booking a service. M2M Benefits cannot be applied retro-actively.

Remember: There is ***no-cost*** to Chamber Members to participate, only the discount offered to your fellow members when they purchase.

It's good business with advertising $$ that produce a direct paying customer!

Be sure to visit these businesses and take advantage of their **M2M benefits**!

M2M Offerings are **subject to change without notice. Chase & District Chamber of Commerce is not responsible for services, products or pricing. Please check Current Offerings **before** making your purchase.
